

Data Encoding System Overview

FIG. 1

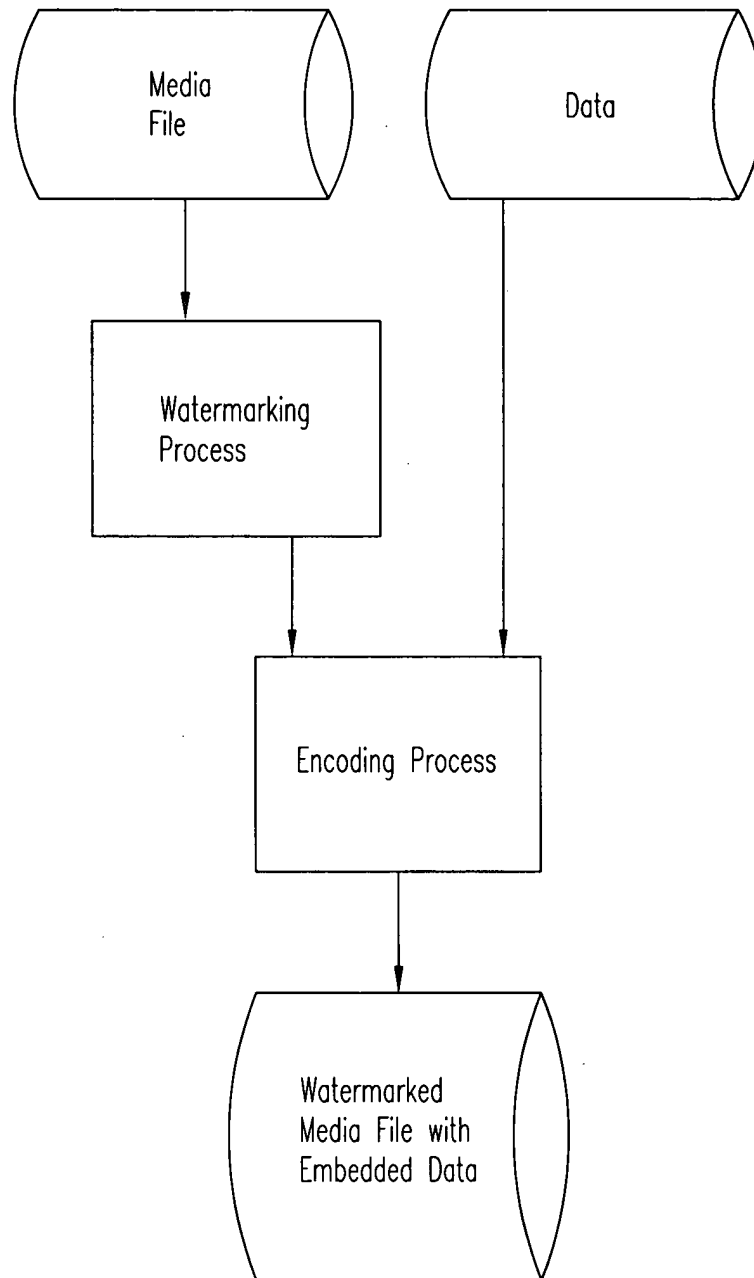

Data Encoding Playback Overview

FIG. 2

Data Encoding Using Steganographic Techniques

FIG. 3

Using Watermarking with Encoding

FIG. 4

5/10

Original Signal

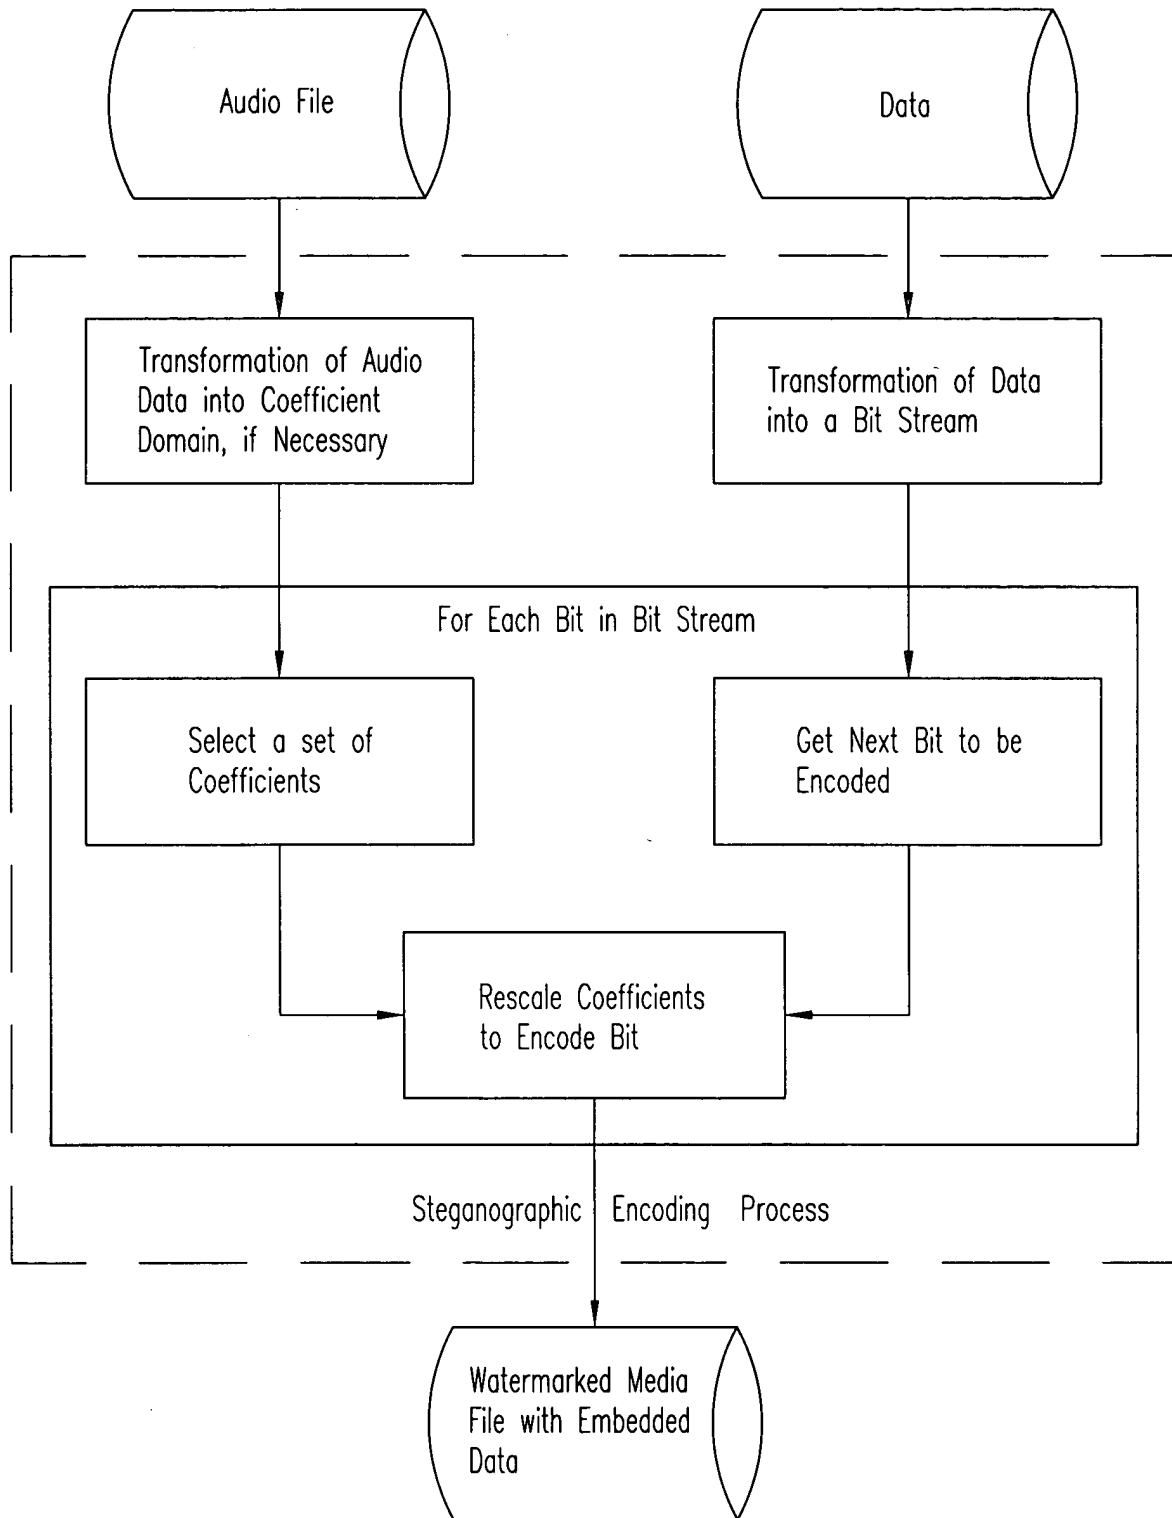

Compressed, Co-efficient Based  
Representation of Signal (In this case  
using a Fourier-Based Representation)

Frequency	Amplitude	Phase
1000	12	10
1200	15	6
1450	5	12
1600	3	1

Coefficient-Domain Parity Encoding

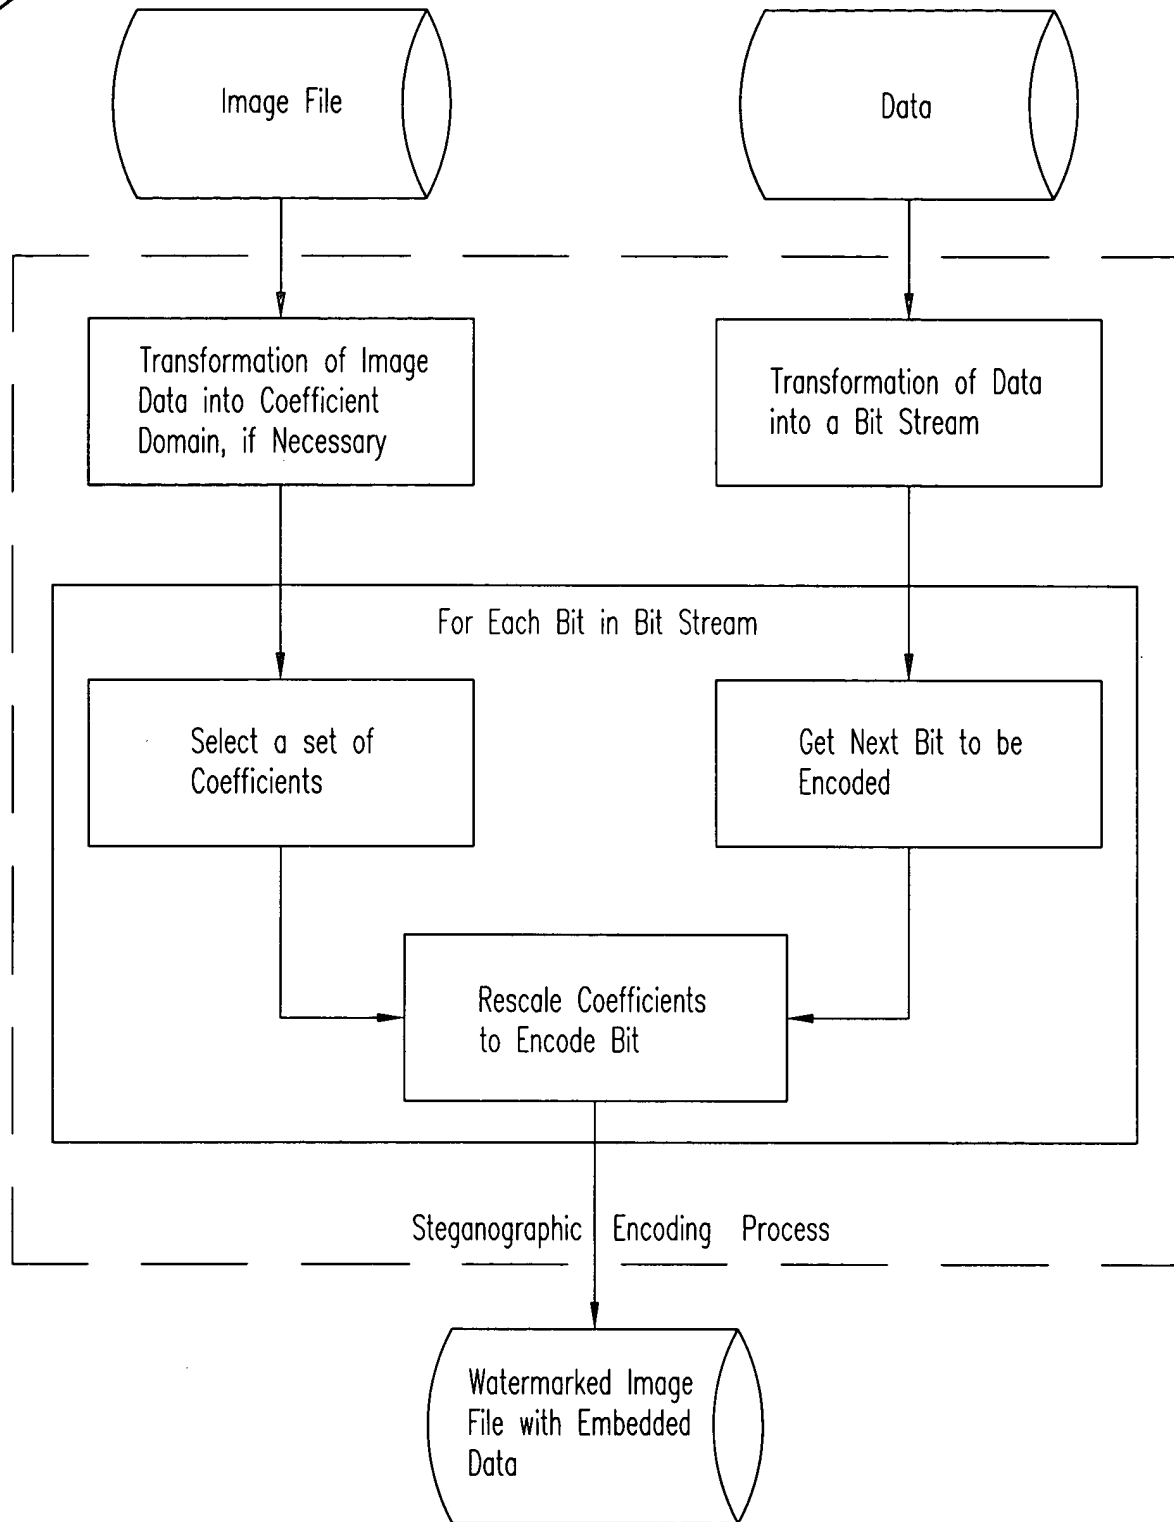

FIG. 5

6/10

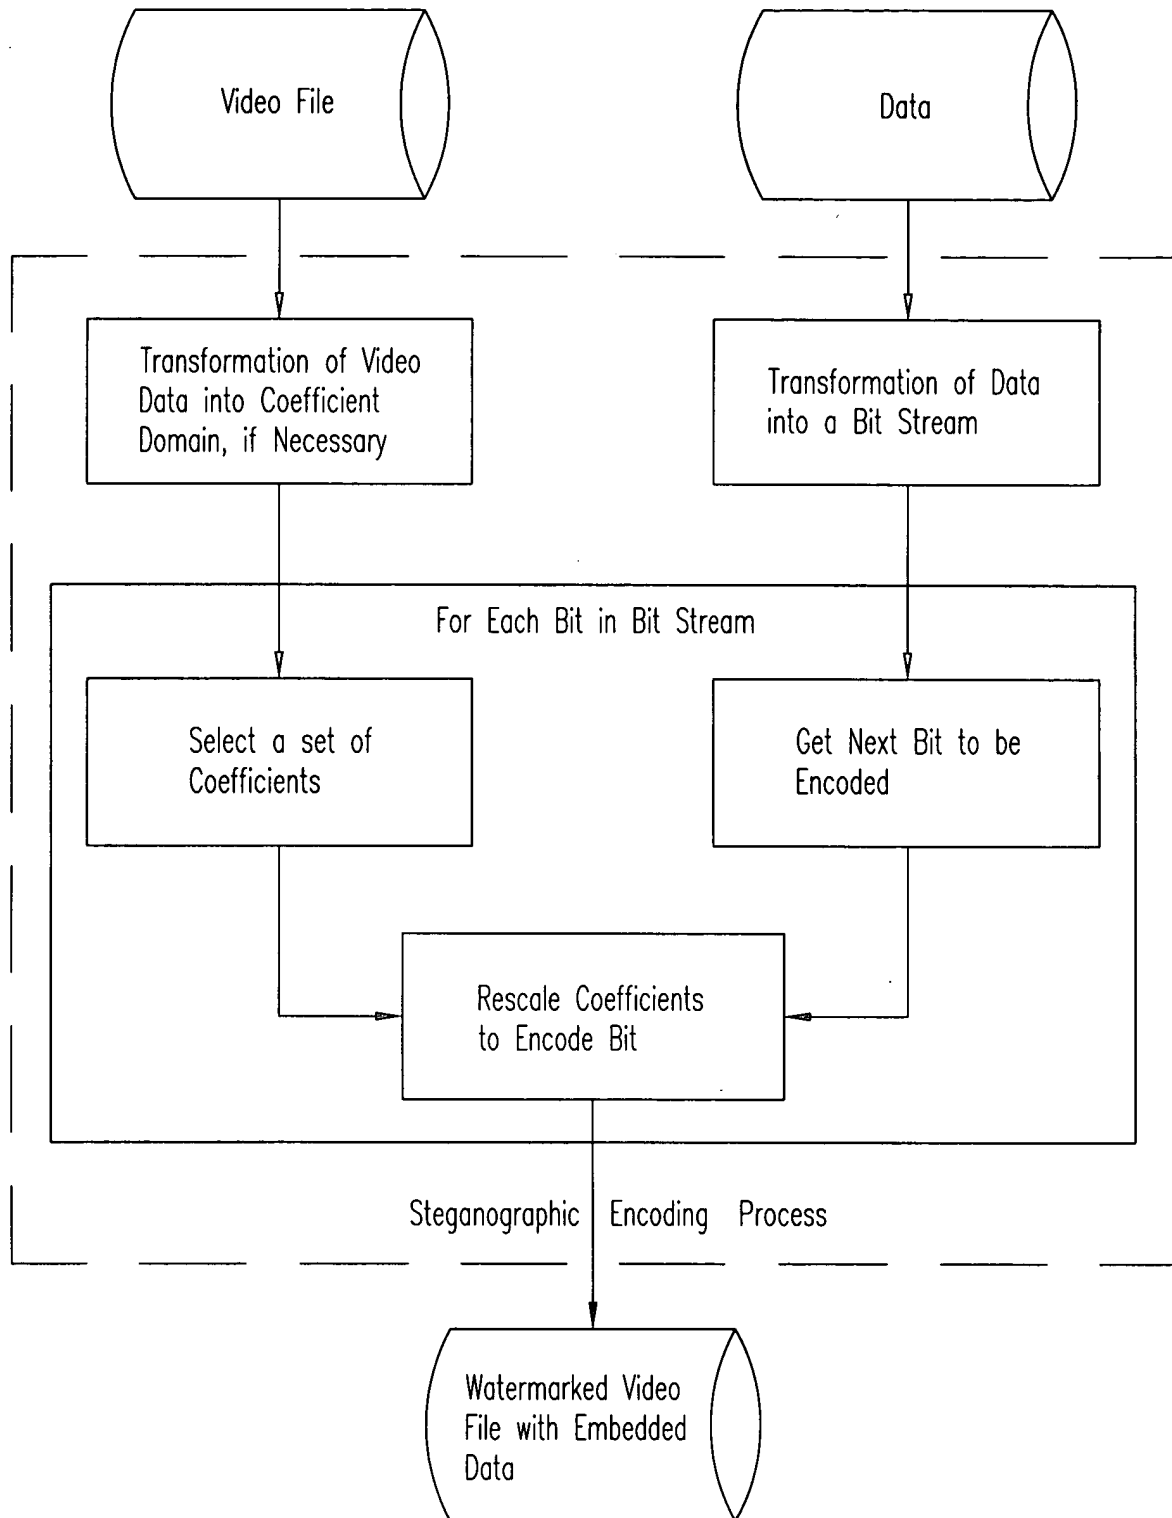

Encoding Data in an Audio File

FIG. 6

Encoding Data in an Image File

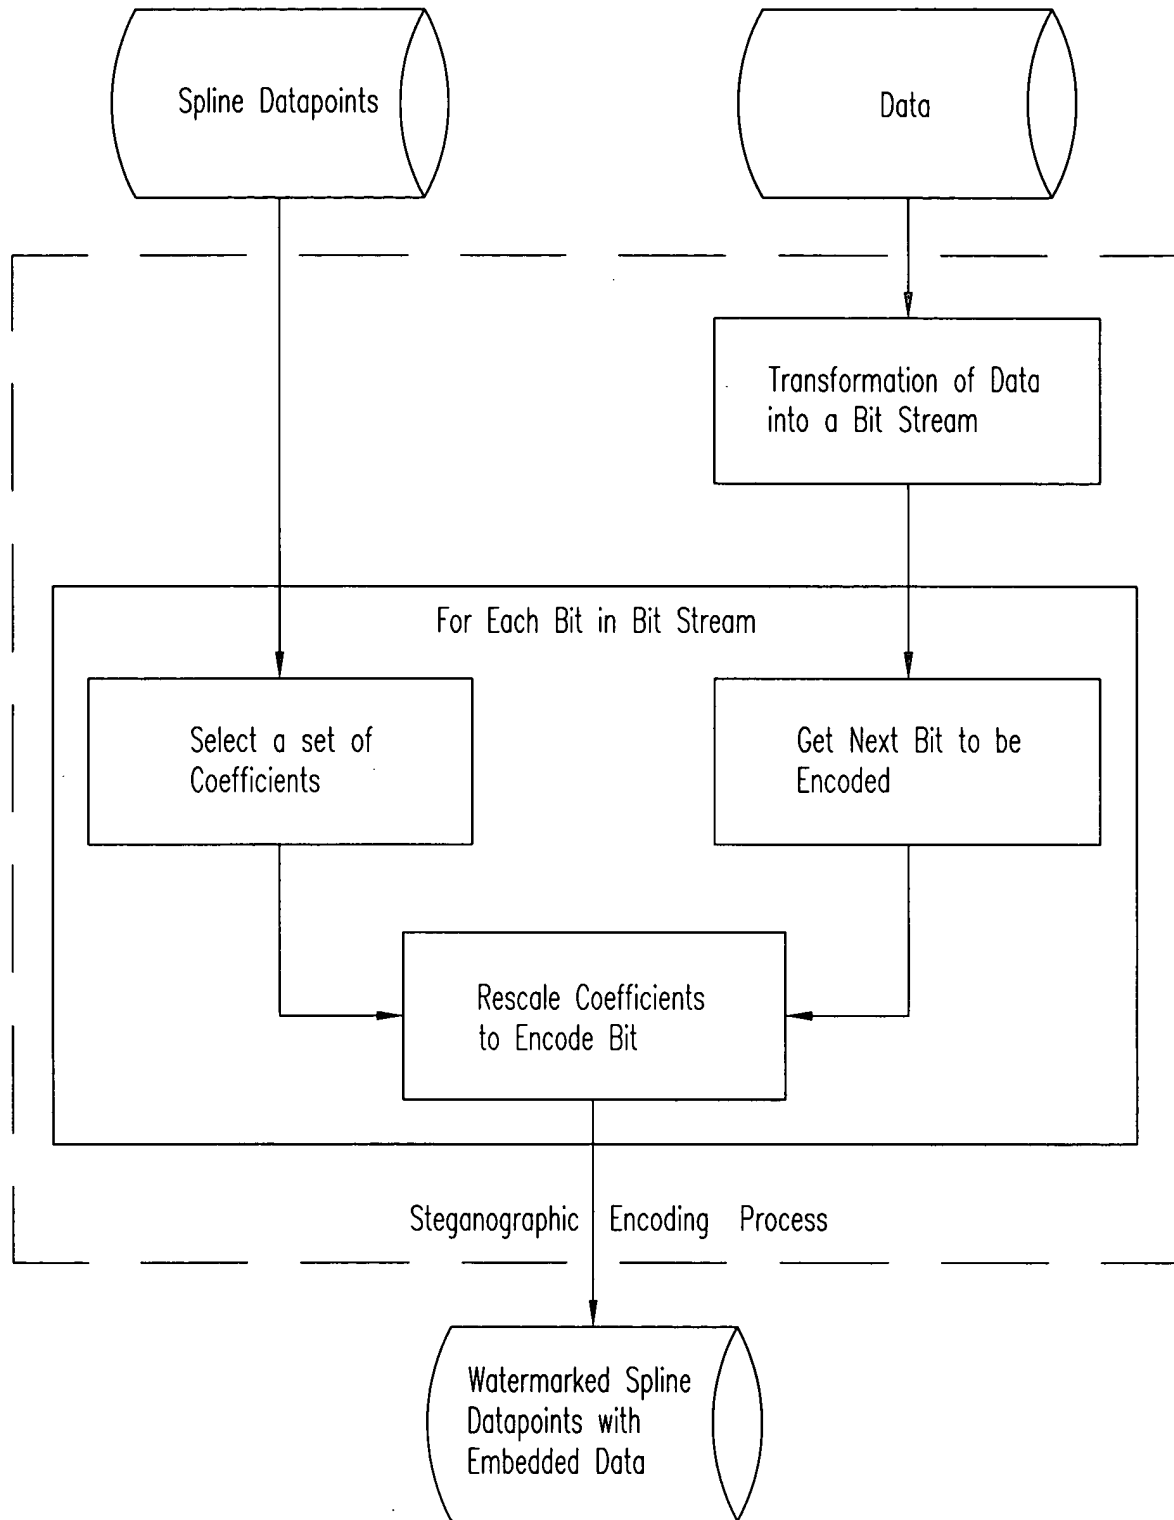

FIG. 7

Encoding Data in a Video File

FIG. 8

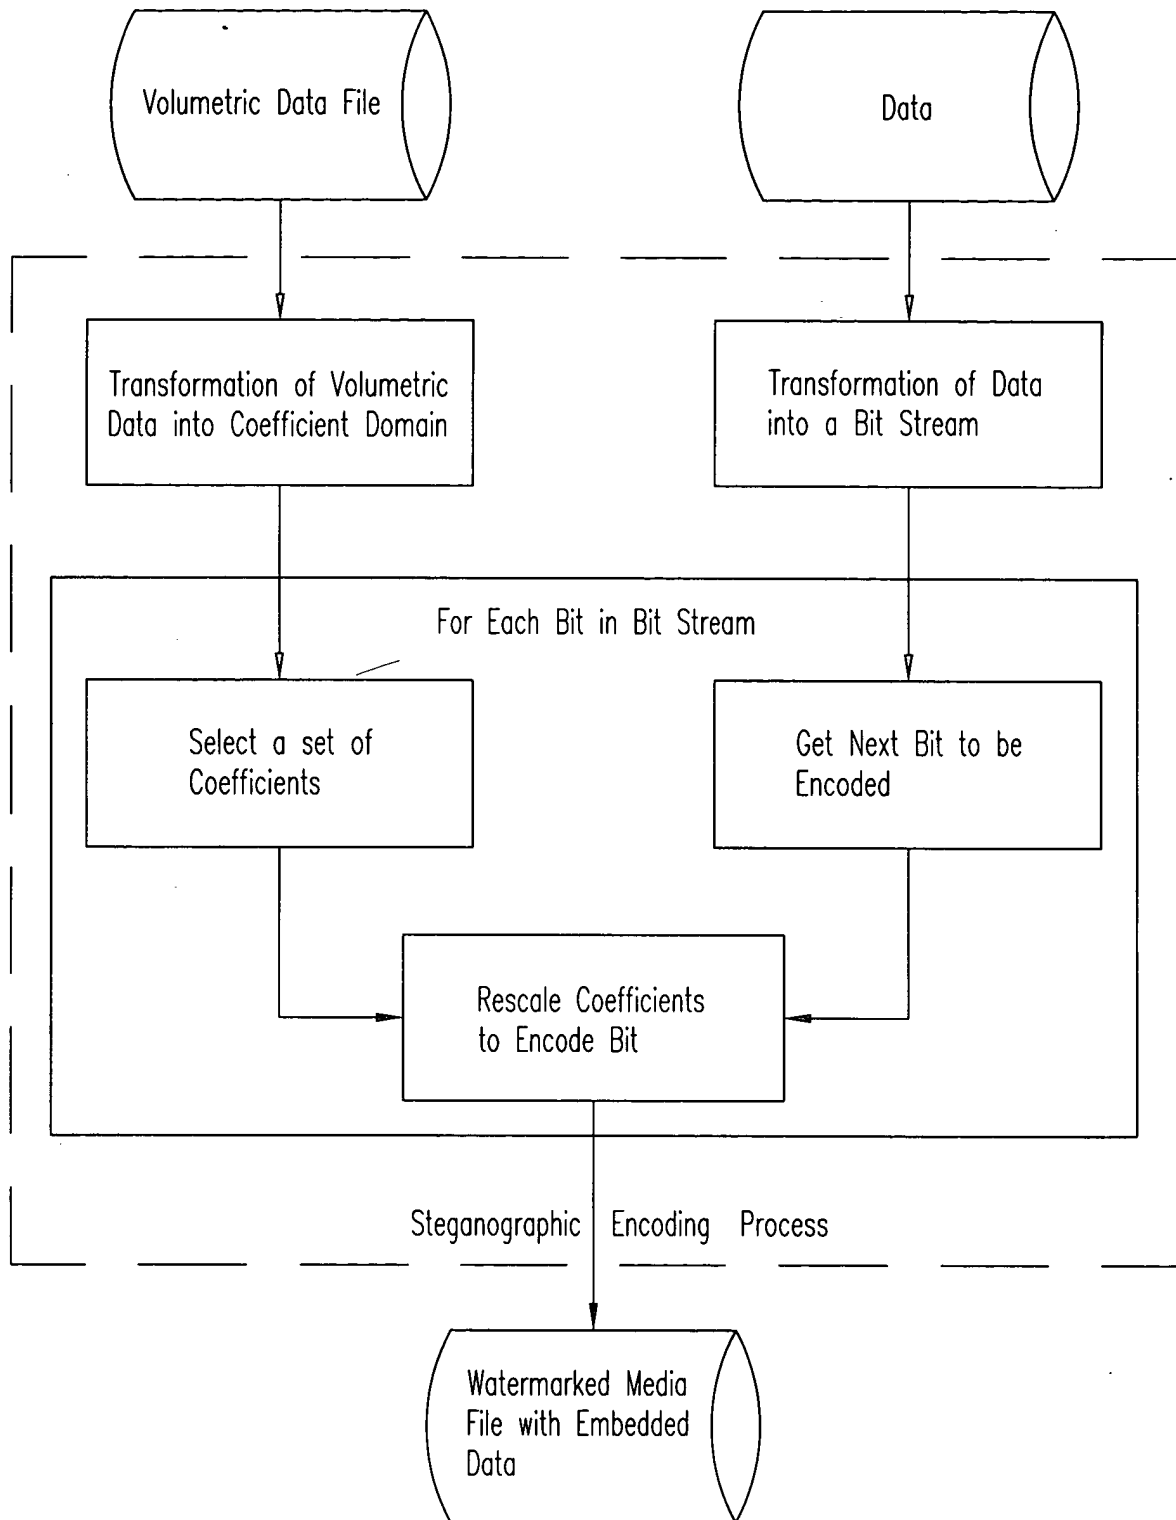

Encoding Data in a 2D or 3D Spline

FIG. 9

10/10

Encoding Data in a Volumetric Data File

FIG. 10
